- Take advantage of undercounter space to safely store flammable liquids
- Protect workers, reduce fire risks, and improve productivity by storing flammable fuels and chemicals in code-compliant safety cabinets
- High-performance, self-latching doors close easily and securely for maximum protection under fire conditions
- Fail-safe closing mechanism ensures three-point stainless steel bullet latching system works every time
- For added security, U-Loc™ handle comes with a cylinder lock and key set or accepts an optional

For more information contact us by phone at 450 642-1118 or by email at info@laflammeindustriels.com.

padlock

- Haz-Alert™ reflective warning labels are highly visible under fire conditions or during power outages when illuminated with a flashlight
- Patented SpillSlope® galvanized steel shelves direct spills to back and bottom of a leakproof 2" (51-mm) bottom sump and they adjust on 3" centers for versatile storage
- Cabinets also feature dual vents with flame arresters, four adjustable self-leveling feet, grounding connector, and trilingual warning label
- Durable lead-free epoxy/polyester powder-coat finish provides excellent chemical resistance
- Manual-close door opens to a full 180 degrees and self-latches when pushed closed
